Great looking labels make you look great, too.

Use labels that help the environment without sacrificing quality and functionality. We now offer **Maco recycled laser/inkjet labels**! Maco recycled labels have earned the right to be called "eco-friendly" by incorporating face sheets made from 100% recycled post-consumer fiber with environmentally benign, clog-free adhesive. Labels are processed chlorine-free (PCF). Maco recycled labels offer you the same high quality and look as regular Maco products, but with less waste.

You'll find all kinds of specialty papers and transparency film from six manufacturers—**Arkwright, Canon, Epson, HP, JOTO,** and **Xerox**. **NEW! HP Laser Photo Paper** is heavyweight, double-sided paper used to create commercial-quality documents and flyers.

We have a broad selection of large format **HP** bond, coated, photo and specialty papers IN STOCK. All other **HP** large format printing materials are available through your sales rep.

There's a TZ tape for every job

TZ Standard Laminated Tapes

Our Standard Laminated tapes offer the widest variety of colors, styles and sizes for your everyday home, home-office and general business office needs. These laminated labels feature our standard adhesive, which is designed for flat surfaces like office paper, file folders, and binders, and also most flat, non-textured metal, plastic and glass surfaces. They resist water, grease or grime – the laminated surface wipes clean – and fading and abrasion. Can also be used in hot and cold environments as well as outdoors.

There are a variety of colors, styles and sizes – from 1/4" to 1 1/2" to choose from, depending on your P-touch electronic labeler.

Introducing 100% recycled labels...

Maco understands that it is the simple choices we make every day that can make a difference in the world. That is why we are offering a line of bright white envrionmentally friendly labels made of 100% recycled-post consumer fiber. Our face sheets are processed chlorine-free (PCF) and the adhesive meets the USPS specification USPS-P-1238 so that it can be safely recycled. Labels are acid-free and lignin-free so they are safe for archiving and will not yellow. Compatible with both desktop laser and ink jet printers.

Make a difference today using the high quality recycled labels from Maco.

Maco Recycled Labels come in a variety of sizes and uses and are available in 25, 50, and 100 sheet packs.

IMAGE IS EVERYTHING.

HP understands that in business, image is everything.

With HP's complete portfolio of professional glossy and matte papers, you can print materials such as flyers, price lists and brochures in-house and deliver a professional image.

You can also reduce printing costs at the same time. For example, you can save over 50% printing in-house vs. using print-shop services.[1] Print only what you need, when you need it, and say good-bye to out-of-date materials and costly inventories.

Whatever your business, print professional materials in-house, save money and reflect the perfect image.

WHAT DO YOU HAVE TO SAY?

EXPERTISE DELIVERS RESULTS.

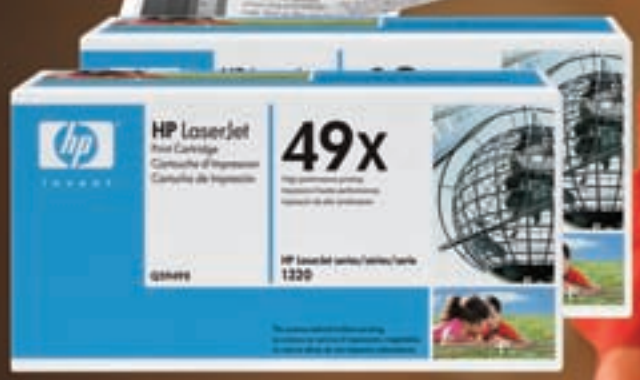
HP understands high-volume laser printing environments. We know the challenges associated with keeping productivity high while keeping costs low. To help you meet these goals, we offer two HP LaserJet high-volume print cartridge options:

- HP High-Yield (X) print cartridges—Print more pages per cartridge while saving an average of 25%.[1]
- HP Dual-Packs (D)—Get twice the printing power and save an average of 10% versus standalone HP print cartridges.[2]

In addition to these savings, you can count on HP's superior reliability and worry-free printing.

High-volume print environments require high-volume solutions. Count on HP expertise to deliver results.

WHAT DO YOU HAVE TO SAY?



[1] Cost-per-page calculations based on ISO/IEC 19752 yield and web-based SRP for HP's (X) cartridges versus their standard (A) cartridge counterparts. Does not cover (X) cartridges that do not have an (A) equivalent.

[2] Savings are based on dual-pack prices compared to their standalone HP print cartridge counterparts.

COMPATIBLES

We have been developing our extensive offering of compatibles which are designed to grow your business while being mindful of your bottom line and environmental initiatives. We conducted an in-depth search to find and develop relationships with the very best manufacturers resulting in the most comprehensive compatibles selection, including the **100, 200** and **500 compatibles series**. Our wide selection includes inkjet, laser, MICR, multifunction, copier and facsimile supplies for 40 equipment brands. We stand behind every SKU with a 100% quality guarantee.

With the recent economic downturn, many businesses are finding it more cost effective to repair or maintain existing devices, rather than purchase new ones. Because of this growing need, we have recently expanded our offering of aftermarket and refurbished printer parts. Buy maintenance kits through us, and take advantage of the following great offers:

- No core exchange required
- 180-day warranty
- 100% guaranteed performance
- Recycling solutions in every box
- Standard 2-day delivery
- ISO 9001-2000 certified facilities.

Inkjet cartridges are another growing product category. See **100** and **200 series** inks in this section for our current expansive listing.

Data Storage Media

Capacity, Security…Bigger and Better!

Protect critical data with drag and drop file access, simplifying the backup process with the click of a mouse. The **HP** RDX Removable Disk Backup System now comes with two disk cartridges with storage capabilities up to 500GB to fit any need or budget, no matter how large or small. HP RDX Removable Disk Backup Systems are more rugged and robust than regular external hard drives and require no IT experience to set up. You can't put a price on your critical business data, but with HP RDX Removable Disk Backup Systems, you can rest easy knowing that you are getting the most complete data storage capabilities for the lowest total cost.

Automatically backing up your most important files has never been easier with **Storage Appliance Media's** Clickfree™, the world's easiest computer backup products, new this quarter. Clickfree™ is a compact, specially designed external hard disk that automatically backs up your key files — every time you plug it into your PC — without requiring you to install or launch any software! After the first backup, Clickfree™ will only copy new or changed files. No pressing buttons, no software installation, no hassle! Protect yourself with Storage Application Media's Clickfree™, the only truly automatic backup system.

Are you looking for the ultimate in fast, reliable, quality optical media? HP Optical Media is a name you can trust, with CD-R, DVD+R and other optical storage media products made from only the highest quality materials to ensure precision, compatibility and extended shelf life.

Incremental Backup!

Upon first connection it will automatically find all of the user data files and copy them to the hard drive. Each time after that, it will only back up the new files or the ones that have changed. While the software's default settings will probably be sufficient for most users, it is user-modifiable, providing full control over the backup settings. Even after the settings have been changed, the backup will still run without any user interaction. Backs up data from up to multiple computers. Easily restore your lost files back to your computer. Transfer your files to a new computer.
